1920'S

Carlisle Hygienic Ice Co. plant was built in the 1920's. This company manufactured block ice and rented freezer lockers to individuals. Home refrigerator/freezers eventually diminished the need for ice and freezer space.

Fire heavily damaged the Carlisle Hygienic Cold Storage Company building in 1964. Damage was estimated at more than \$100,000.

1964

Wenger's purchased the business in 1978. They developed their business to include retail meats, catering, a delicatessen, lunch trucks and wholesale packaged ice distribution to convenience stores, beverage distributors and supermarkets.

1978

Remodeling and expansion in 1997-98 produced the present day larger, more attractive store on East Louthier Street.

1997

2000

We purchased the Newport Ice Company

While scaling back the Lunch Truck & Wholesale Ice we added a smokehouse at our Newport location and grew our deer processing business by adding a whole line of venison products. That was our Segway into making our own beef products such as sweet bologna, ring bologna, snack sticks and jerky as well as curing and smoking our own hams and bacon.

Check out this menu for a sampling of services & products we now offer.
